Limited Warranty for PV-Modules

TO:

Date of issue:

Module Type:

Invoice NO.:

1. Limited Product Warranty

Sun Solar USA, Inc. (Hereinafter referred to as SunSolar) provides two-year warranty period for the crystalline solar modules made by Sun Solar beginning on the delivery of leaving SunSolar's module facility. SunSolar is obliged to repair the crystalline solar modules in the event that they not perform properly resulting from the quality problems of the crystalline solar modules in question as of the defects in the module materials or in the processing of the crystalline solar modules, assuming correct transportation, storage and further handling.

2. Limited Efficiency Warranty

The Crystalline solar modules provided by SunSolar shall achieve 80% of the performance within 25 years beginning on the delivery of leaving SunSolar's module facility, for each module tested under the standard test conditions before leaving SunSolar's module facility, assuming correct transport, storage and further handling.

3. Exclusions and limitations

This warranty does not apply to any crystalline solar modules which have been subject to misuse, neglect or accident, or which have been damaged through abuse, alternation, improper installation or application or force majeure, particularly natural disasters, war, unrest, labor disputes, suspension or interruption of operations due to extreme factors, administrative measures and other events outside the control of SunSolar.
